

How to apply for an OD request?

The On-Duty (OD) Request feature allows members to record official work assignments or tasks performed outside the office premises during regular working hours. When you are required to travel or work at a client location, attend meetings, or perform any company-related duties away from the office, you can submit an **OD request to ensure your attendance is accurately captured.**

You can access this feature through:

Attendance → My OD & Remote Work. → (+)

Likewise, if a member wants to apply for an **On-Duty (OD) Request**, they need to select the **Date** for which the request is being made. They must also specify the **Day status** whether it is for a **Full Day**, **First Half**, **Second Half** or **Certain hours**.

Additionally, the member can provide a **reason** for the request and, if required, **attach any supporting documents**. Once all the details are entered, the OD request can be submitted.
